

Poem Smells

New-words

frozen - chilled

Springtime - the season of spring

lilacs - a small tree of the olive family with pink or white colour and also have fragrances

meadows - a piece of grassland

forssythia - a kind of yellow shrub

clover - a small plant with pink or white ball-shaped flowers.

A Complete these sentences.

1. The speaker longs for the smells of the flowers of spring time.
2. The yellow smell is of the bright forsythia flowers that grow in the meadows.
3. The peach trees are tall and have pink flowers.
4. The 'great green smell' is that of the smell of the green grass that grows everywhere.

B Think and answer this question.

Why do you think the speaker says that the smells have colours?

Ans. The speaker says that smells have colours because the smells remind him/her of the flowers that bloom in spring.

Rhyming words

lonely - only

blows - grows

clover - over
